

00:18:29 Christine Mitchell: When you are not speaking, please mute your microphone at bottom left of zoom screen. Thanks

00:26:39 Denise: The website for all public UW Medicine policies is here: <https://covid-19.uwmedicine.org/Pages/default.aspx>

00:28:57 Denise: You can find the UW Medicine code status during covid-19 pandemic policy link is on this specific page: <https://covid-19.uwmedicine.org/Pages/default.aspx?RootFolder=%2FScreening%20and%20Testing%20Algorithms%2FOther%20Inpatient%20Clinical%20Guidance%2FClinical%20Care%20in%20ICU&FolderCTID=0x012000EA09E1683B95F547849EAE5C208AA6D0&View=%7BAE1CB7DC%2D8D74%2D4F4>

00:29:01 HesterDM@uams.edu: At UAMS, our DNR policy under COVID does hold open the \*possibility\* of universal, unilateral DNR if our institution is overwhelmed to the degree that the leadership makes that call, but it is a last-ditch point after other procedural/policy steps are taken.

00:32:22 JANKOWJ: Our guidance has recommended that when we are >100 % capacity and there are no additional critical care resources to be deployed, CPR would not be provided, unless doing so is expected to be effective without needing ICU/vent (such as a push of epi alone is expected to work)
